

AIR AMERICA FOUNDATION

THE Provider Weekly

Greetings, I am sure by now you have heard of the passing of the Foundation's President Josh Eiting. It is a sad time for us right now as arrangements are being made and we say goodbye to a good friend.

It is never easy when we lose someone close to us. Even when it is expected, it is not an easy thing to say goodbye, especially when it is someone as genuine and outgoing as Josh.

When the Foundation Lost Paul less than two years ago, Josh was the logical choice to lead this organization into the future. Josh was also Paul's choice and he carried the torch beautifully. We were in very capable hands with Josh at the stick.

Josh brought an easy and relaxed style of leadership to the Air America Foundation as well as bringing an immense amount of knowledge and enthusiasm to bear.

Josh's knowledge of Air America and all things aviation was superior and rivaled by few. He also made wanting to work on the C123 and for the foundation an easy thing to do.

We are going to miss our friend.

Arrangements are currently being made by Josh's family. He is being cremated in Florida and taken to Ohio where his roots and family are. There will be a funeral service this Monday in Ohio.

After his wife's return to Florida, I believe there will be plans for a memorial service here. We will keep everyone notified as developments are made known to us.

You may send cards and letters to the following address...

What's

NEW This

Week

The Air America Foundation is a 501 (c) 3 organization.

The Foundation will be participating in this year's TiCo Airshow as planned. We all feel that Josh would have wanted us to be a part of the show this year especially since this is a historic show.

Obviously it could be a somber time, but instead, we would like everyone to help us celebrate the joy that Josh had for aviation and help us remember all the fun and good times we had with Josh before he was taken from us all too soon.

We hope as many of you as possible will plan to attend.

Historically Yours,

*Joshua J. Eiting
1969 ~ 2011*

High Flight

“Oh! I have slipped the surly bonds of Earth
And danced the skies on laughter-silvered wings;
Sunward I’ve climbed, and joined the tumbling mirth
of sun-split clouds, — and done a hundred things
You have not dreamed of — wheeled and soared and swung
High in the sunlit silence. Hov’ring there,
I’ve chased the shouting wind along, and flung
My Spitfire through footless halls of air...”

Up, up the long, delirious, burning blue
I’ve topped the wind-swept heights with easy skills
Where never lark or even eagle flew —
And, while with silent lifting mind I have trod
The high untrespassed sanctity of space,
- Put out my arm, and touched the face of God..”
